

President's Advisory Council

Mission and Purpose

The President's Advisory Council (PAC) serves as the central, participatory governance council, functioning as the institution's primary recommending body for decision-making and planning. The structure and nature of the President's Advisory Council is to facilitate its interactions with all institutional constituencies. The planning role is enhanced by its familiarity with all functions of the college, ensuring both a knowledgeable and integrated perspective.

Specialized projects are referred by the Council to other governance organizations for review, such as the Faculty Senate and Deans' Council for instructional matters, the Classified Senate for classified issues and the Associated Students for student issues. These bodies report back to the Council with recommendations. For most issues, the determination of the President's Advisory Council is final. In some instances, however, in which district-wide concurrence is necessary, the individual groups also make recommendations to their counterparts within the broader District. The College President is charged with representing Council determinations to the Chancellor, the Chancellor's Cabinet and the Board of Trustees.
