**2014-15 Senate Goals**

1. Offer a full summer 2015 schedule and an intersession 2016 schedule.
2. Help departments develop themes to include in their Program Review self-studies.
3. Recruit more faculty members to campus committees by ensuring committees have real teeth.
4. Get access to drafts of the College budget (with rationales).
5. Invite administrators to Faculty Senate meetings to discuss, among other things, the budget.
6. Develop a training/orientation for new senators.
7. Improve PAC-Senate dialogue through agenda sharing.
8. Honor the Senate's faculty allocation procedures. (~ 25 hires this year)
9. Revitalize IREC.
10. Get reassign time or P.E. pay for faculty members serving on key committees, esp. Curriculum and Program Review.
11. What's up with the Scorecard?
12. Write new College mission statement.
13. Request that Study Abroad Committee develop plans to restore the past practice of 3 trips/year.
14. Look into returning to the priority-parking regime that prevailed in the days before the parking structure. (It was suspended during construction, then abandoned.)
